## Local Land Services

### Share your thoughts about the rules for managing native vegetation in NSW

Local Land Services is leading the statutory review of the native vegetation provisions of the *Local Land Services Act* and we need to hear from landholders in the Murray region.

The review will consider if the policy objectives remain effective, if the rules are working to achieve the objectives, and if any areas need to be improved.

Share your valuable insights and feedback with us by completing this confidential landholder survey [here](#) or registering for a one-on-one interview [here](#).

### Survey

The survey takes approximately 15 minutes to complete and will close on 28 April.

This survey follows on from the public submissions process undertaken at the end of 2022.

If you would like more information about the survey, please contact [lm.info@lls.nsw.gov.au](mailto:lm.info@lls.nsw.gov.au)
