Customer No: 7403328

Hello

## Your electricity rates are increasing

### Your new rates will apply from 1st July 2023

On your bill you will see some days charged at your current rates and some days charged at your new rates. The details can be found in the Electricity Charges section on the back of your bill.

Any concession entitlements you currently receive will continue to apply.

To better understand the changes to your energy charges, please go to [www.redenergy.com.au/pricechange](http://www.redenergy.com.au/pricechange). We can also provide you with historical billing data and energy usage data at your request which you may make by emailing [info@redenergy.com.au](mailto:info@redenergy.com.au).

You can contact us on 131 806, email us at [info@redenergy.com.au](mailto:info@redenergy.com.au) or access your account via [myaccount.redenergy.com.au](http://myaccount.redenergy.com.au).

Kind regards

Rhys McKimmie  
Manager - Customer Assist

| Current Rates<br>Up to 30 June 2023   |               |               | New Rates<br>From 1 July 2023 |               |               |
|---|---------------|---------------|-------------------------------|---------------|---------------|
| Tariff  | Ex GST        | Inc GST       | Tariff                        | Ex GST        | Inc GST       |
| Service to Property   | 157.870 c/day | 173.657 c/day | Service to Property           | 189.470 c/day | 208.417 c/day |
| Anytime   | 30.442 c/kWh  | 33.486 c/kWh  | Anytime                       | 34.740 c/kWh  | 38.214 c/kWh  |
| CL1   | 18.110 c/kWh  | 19.921 c/kWh  | CL1                           | 20.000 c/kWh  | 22.000 c/kWh  |
| Controlled load 1 rates generally available for 5 to 9 hours overnight  |               |               |                               |               |               |
| The rates specified above relate to your <b>current tariff structure</b> . Should you make any changes then we will supply you with new prices relating to this change.   |               |               |                               |               |               |
| As a result of this price change, your electricity rates are now equal to the reference price. You will receive a discount of 10% of the reference price if you pay your bills by the due date. This means your electricity plan will be 10% below the reference price if you pay on time. The average customer on your tariff and in the Essential Energy area would pay \$2,670.05 (incl GST) on this plan if they consumed 6,618 kWh in a year when they always pay on time. Your bill will differ based on actual usage and this amount should only be used as a guide. |               |               |                               |               |               |
