## Regulated river water prices for 2023-24

The Independent Pricing and Regulatory Tribunal NSW (IPART) has reviewed prices for WaterNSW's rural bulk water services and Water Administration Ministerial Corporation (WAMC) prices which sets out how much WaterNSW can charge for the water services we provide.

These charges are set under the 2021 Determination and will increase by consumer price index (CPI) effective **1 July 2023** through to **30 June 2024**.
