

## COVID Safe Guidelines between CERES Venues and our Hirers.

As we continue to navigate the situation with COVID-19, CERES is taking the necessary steps to protect the health and wellbeing of our community. Along with COVID safe measures we are putting in place across the park, we are also asking our hirers to agree to the below to keep our park safe for all users.

### **Increased sanitization**

We are cleaning venues and high-touch common areas more frequently and are providing complimentary sanitization products in our spaces.

[We are asking our hirers to be involved in cleaning their own high-touch areas such as tables and chairs prior to and after use.](#)

### **Prioritizing maximum number of people in our space**

We are closely following Government Guidelines on social distancing restrictions of 1 person per 4 m<sup>2</sup> and have worked out the maximum capacity of people allowed into each space.

[We are asking all hirers to adhere to the maximum number of people in each space so that their group can maintain a healthy physical distance from each other.](#)

### **Behavioral signage**

New cleaning standards and capacity protocols will be reinforced with strategically-placed signage in all venues at CERES.

[We are asking our hirers to take notice of these friendly reminders when using the spaces at CERES.](#)

### **Record keeping for contact tracing**

To support contact tracing, we are keeping records (First name and phone number) of all our hirers for 28 days.

[We are asking our hirers to keep a record of all their attendees when using the spaces at CERES.](#)

And importantly, we ask that you don't visit the park if you have flu-like symptoms, have been tested for COVID and are waiting for the results OR have been in contact with a person who's had a confirmed case of COVID 19.
