Optus

Confirming your email address

Hi Troy,

Thanks for updating your email address. Once verified, it will become the email address that all of your bills, installation information and other service updates will go to.

Next step is to verify your email address so we can send your bill and other important information to you. If your email address isn't verified, your bills may be sent via a paper bill which incurs a \$2.20 monthly fee.

To validate your email address, please click [here](#).

Thanks,

Your Optus Team
