Dear Peter,
Re: Motion: That Fincom develop a privacy policy that clearly states that receipts handed in to DTE are the property of DTE so that volunteers are aware that information provided could be made available to members and volunteers.

We have discussed your proposed motion (above) at length. Concerns were raised about blanket freedom of information to members and volunteers on all receipts. This motion is not in keeping with generally accepted Privacy Principles.

We are therefore referring this matter to the Board of our Co-op. We believe the organisation has a duty of care to protect individuals' personal details.

Kind regards
FinCom
