Subject: Market office roof is missing

Date: Wed, 24 Mar 2021 11:51:20 +1100

Dear Directors and members

Curently John Reid , Marte Kinder and myself are on site .

It has been very wet and mild here .

On checking the site looking for the eftpos machine with John yesterday we noticed that the roof for the market office has come off and is now laying on the ground .

This is a second roof to keep it dry as the original roof leaks

!

Maybe we need a working bee on site this Easter .

With love *Kevin* 0408 772 759
