Dear OC Working Group and Board,
Re Correspondence to the ocmail@dte.org.au
As you can see from the below emails I had on a few occasions attempted to find out who receives the emails at the address ocmail@dte.org.au.
I have even tried to raise it in a meeting recently only to have it fobbed off as an irrelevant enquiry
I would like my questions answered please.
I would also request my email robin@dte.coop be added as a recipient to ocmail@dte.org.au as I trust participation is available equally to all members of the co-op who might wish to be involved.
Regards
Robin Macpherson

Subject: Correspondence to the OC

Correspondence to the OC re the OC working Group,

1. Can you please list who ocmail@dte.org.au is forwarded to?
2. Can you please explain to me how items for the GM are held in confidence until forwarded to the members?
3. Given at least one director in this group chooses to not observe confidentiality, claiming all correspondence belongs to the members. Are proposed motions for our GM's forwarded to others and if so who, to who, how and when?
4. Is there a code of conduct for the OC working Group?
5. We have already seen members who are part of the OC organising group totally disrespect members privacy and communications in many aspects of our organisation.

What assurances can you give this is not happening now in the administration of the OC working Group

Should these people also be involved in the administration of the formation of the agenda of our GM's and the administration of the OC then I have little to no confidence in the integrity of the current process.

Given all groups of DTE should be open to participation of all members please add me to the working group and the email list ocmail@dte.org.au

Regards
